

Island Extension Piece

Traffic Islands · 2000 × 1000 mm

Extension piece for the DI-2000 island. Extensions sit between the island halves to stretch the island length- or width-ways, each piece fixing directly to the surface, allowing bespoke geometry for chicanes, junction channelisation and unusual site layouts while retaining the same solid rubber construction and surface fixing.

SPECIFICATION

Product code	DI-2000 Extension
Plan dimensions	2000 × 1000 mm
Height	125 mm
Weight	250 kg
