

Two-Piece Traffic Island

Traffic Islands · 2000 × 2000 mm

The largest square island in the range at 2000 × 2000 mm, the DI-2000 is supplied in two solid rubber halves laid side by side, each fixed directly to the carriageway. It installs without excavation, flexes to harsh cambers, and provides a full-size protected area for pedestrian refuge and channelisation duties.
