

Two-Piece Speed Cushion

Speed Cushions · 1650 × 3000 mm

A 3 m-long speed cushion supplied in two halves for manageable handling, with a 1:10 (5.5°) approach slope. The 1650 mm width allows wider-axle vehicles to straddle while providing effective car speed reduction, and the longer profile suits higher-speed approaches. Surface-fixed with adhesive and bolts — no excavation.

SPECIFICATION

Product code	SC-1650-3000
